For Information

Since its creation over 60 years ago, OMERS has grown to become one of the largest defined benefit pension plans in Canada. Recent history provides many examples of how OMERS has implemented strategies and processes which support its primary goal: providing stable and sustainable retirement income for OMERS Members.

Attached, please find a selection of current facts and figures on the OMERS Pension Plan, drawn from OMERS annual reporting. As this is publicly available information, feel free to discuss and distribute. The most current and up-to-date information is always available at www.omers.com.
